

ADVANTICS is a young innovative company, focusing on research and development in the field of electric mobility, power converters and control systems. Our main products include Fast DC charging stations for Electric Vehicles, battery and grid connected power converters, EV charge controllers and Vehicle Control Units (<https://store.advantics.fr/>).

Inside sales / logistics (English)

What are we looking for?

- Experience with B2B sales
- Building the CRM database
- Fluent English (written and spoken)
- Other languages not required, but welcomed
- Punctuality, good self-organization
- Experience with modern IT-centered workflow
- Technical background welcomed

What would you be doing?

- Working with our new and existing B2B customers
- Managing orders and dealing with suppliers
- Generating offers, invoices
- Preparing shipping documentation
- Following up on business leads
- Preparing shipments (packaging, logistics)

What would NOT be a part of your job?

- No phone sales
- No aggressive marketing campaigns
- No heavy administration

What do we offer?

Job in a young international R&D company right next to CERN (France, Geneva region)

Potential to grow, both personally and professionally

Learning new things in the emerging field of electric mobility and renewable energy

English-spoken company, with other languages welcomed (we have 9 nationalities so far)

The position is to be filled as soon as possible

Flexible working hours
