3−phase generator 1
3−phase, active neutral
208/400/480VAC, 50−60Hz
32A nominal
smart overload recovery

battery pack
N phase generator
Optional N−PE
bonding point
(TN vs IT)
Grid forming, grid following,
microgrid, load leveling
Can be also connected to 1−phase,
split phase or 3−phase for recharging
